

Yellow Research

Masterclass NWO VIDI call 2022

Obtaining a VIDI-grant from NWO is an important milestone in the research career of (young) scientists in the Netherlands. The Talent Scheme is highly competitive with average success rates between 10% and 25% depending on year and science division.

In this training we distinguish between the quality of the project and the quality of the written proposal text. Both have to be excellent to be successful.

We will address the typical characteristics of a VIDI application considering the different NWO domains and incorporating recent developments including signature of the DORA agreement by NWO and the latest development on "Knowledge Utilization". In addition, focus will be on evaluation criteria for the PI, the research project and knowledge utilisation including their interrelationship and in combination with the proposal template.

This workshop is directed towards talented researchers who consider submitting an NWO VIDI proposal for the next deadline in October 2022. Participants will receive strategic and practical input for developing a competitive VIDI project and writing a convincing proposal thereby increasing their chances to receive this prestigious grant.

OUR TRAINING:

The training will be offered in a hybrid form: live in Amsterdam + online via Zoom. If circumstances do not allow a live event in Amsterdam, the training will be offered as 2 live Webinars. This training will be offered by Aya van den Kroonenberg, PhD, partner of Yellow Research.

Topics of morning programme:

- Background and context, incl. evaluation procedure and comparison with European programmes
- VIDI project development in 8 steps
- Excellent scientists, including recent developments in the assessment of scientific excellence

Topics of afternoon programme:

- VIDI Template & proposal writing in general
- Writing sections on CV+output, including narratives
- Writing section 2a: Description of the proposed research
- Writing section 2b: Knowledge utilization

- Budget and team

A copy of the slides of the Webinars and our Yellow Research Guide on VIDl proposals will be made available via our E-learning environment.

TRAINING

Via YR E-learning platform:

YR SLIDES

YR VIDl GUIDE

JOIN OUR TRAINING:

12 May 2022: 10:00 - 16:00 (Central European Time)

The fee for this course is €745, VAT exempted

HOW TO REGISTER:

The webinar is available for registration via our website:
www.yellowresearch.nl

After registration, you'll be asked to indicate whether you prefer to join the live event in Amsterdam or whether you will attend online via Zoom.
